

INTRODUCTION

I am Anand. I belong from Tirupati. Coming to my education, I pursued my graduation in B.Tech Civil from Veltech institute of science and technology with an aggregate of 80%, along with my degree I have learned many technical skills like Python, MYSQL, MS EXCEL. I did my Intermediate in Sri Chaitanya Junior College with aggregate of 93% and class 10 with 95%.

My hobbies include cooking and Travelling.

My strength is easily adapt to any environment, positive attitude and boldly face the problem. I'm a Quick learner.

WHY THIS COURSE?

Actually coding is not my cup tea, but my friend suggested that for Data analysis there will be no coding. So after going through it and lot of advices i have chosen this course. But after staring the course I have learnt many things.
